League of Women Voters Summer Discussion Group - Topic #2: Voter Registration Modernization

Focus: **Voter Registration Modernization (VRM) - emphasis on Voting Equipment**

Join our Discussion Group for a Lakeside discussion on Voting Equipment. Remember, Michigan is getting all new equipment this year and we should be experts in this area. The Clubhouse has nice bathroom facilities and a Grill for burgers, sandwiches, salads, drinks and ice cream. You are welcome to stay after the discussion for as long as you wish.

See below for links to informational articles. Read what you have time for, come and share.
